

## CLOUD COMPUTING

No cloud environment is alike; that's why, at IntelliDyne, our experienced Cloud consulting experts help you assess and architect the Cloud solution that best fits your agency's unique environment. Getting to the right Cloud solution has never been so easy. Whether you need to start with Service-Oriented Architecture (SOA) or move immediately to a private, public or hybrid cloud solution, your agency can benefit from IntelliDyne's proven expertise in assessing and architecting your path to the Cloud.

Aligned with Government CIOs' missions and goals, IntelliDyne's Cloud Computing solutions deliver concrete and measurable business value at each and every step. As your trusted advisors, our consultants create clear decision criteria to optimize your technology investment, align your technology to mission critical objectives, empower a faster deployment path to the Cloud, increase storage utilization, streamline stove-piped organizations and define organization-specific SOA and Cloud ROI opportunities.

When change is the only constant, IntelliDyne delivers results to our clients with agility and expertise that are second to none. Our DNA is made up of a unique blend of attributes, creating a full client experience with predictable outcomes. Every time.
