

## PROGRAM MANAGEMENT

In today's demanding environment, managing the simultaneous needs to align for efficiency, lower risk, and increase transparency throughout project delivery is critical to driving predictable outcomes. No matter how complex your challenge, our Program Management experts deliver solutions that proactively address the challenges that could hinder IT projects from successful completion.

Aligned with Government CIO's missions and goals, IntelliDyne's Program Management solutions deliver concrete and measurable business value at each and every step. As your trusted advisor, our experienced PMP certified team utilizes industry standard methodologies. IntelliDyne's project management framework provides critical metrics for monitoring the scope, schedule and costs involved with planning, designing, implementing and, subsequently, transitioning the finished product to supporting service areas.

When change is the only constant, IntelliDyne delivers results to our clients with agility and expertise that are second to none. Our DNA is made up of a unique blend of attributes, creating a full client experience with predictable outcomes. Every time.

IntelliDyne, LLC is a consulting firm that enables better business performance through innovative technology solutions. We manage public sector programs that deliver higher operational efficiency and measurable value to clients. We advise, develop, and execute effective solutions in Information Assurance/Cyber Security, Cloud Computing, Application Development and Mobile Computing, Analytics, Business Process Management, Data Center Consolidation, Enterprise Collaboration and Enterprise Infrastructure Management.

### Clients Demand. IntelliDyne Delivers.

"To support the network operations group, IntelliDyne created a Project Management Office to implement quality standards, project prioritization, and PMBoK based rigor to the project performance on the contract. The PMO provided me with insight I needed to manage our numerous strategic and tactical priorities within budget.

[We] value the expertise and recommendations of the IntelliDyne team as demonstrated by our decision to work with IntelliDyne in the planning and execution required to move our IT operations in the BRAC mandated move.

IntelliDyne has performed consistently well, enabling me to be confident in my decisions, providing me with performance insight and expert recommendations I can rely upon. I know their team members take [our] mission on as if it were their own."
